

WILD BIRDS IN THE PUBLIC GARDENS
A Two-Year Project, October 2018-September 2020

LIST OF BIRDS SEEN
Gisèle d'Entremont and Joan Harbison

A total of 75 species of birds were seen in the course of the Two-Year Project. Sixty-five of these were seen by Gisèle and Joan. Ten other species were reported to us by birders who frequent the Gardens. The names of these birds are marked with an asterisk.
